COLOUR & EFFECT

From discreet to glamorous - LCN Colour & Effect UV-Gels offer a variety of colours and extraordinary special effects.

The high opacity of LCN Colour & Effect UV-Gels requires a thin application. To intensify the colouring a second layer - also thin - can be applied.

All LCN Colour & Effect UV-Gels are compatible with all LCN UV-Gels.

Nail Art UV-Gel

Discover the new LCN Nail Art Gels without dispersion layer. Draw delicate lines and opaque shades with a Nail Art brush of your choice. Available in the colours white (-1) and black (-2).

Recommendation: apply in a thin layer

Art.-No.	Contents
21363-...	5 ml

Pastel Base Gel

For a striation free result of light pastel colours.

Offers an even application for all light curing colour systems: as a base (an extremely thin layer) on top of sculpted nails / massage into natural nails, cap the free nail edge and cure. Now apply the colour system of your choice directly on top of the dispersion layer.

В любом полиграфическом издании возможно незначительное отличие воспроизведенного цветного изображения от оригинала.

NATURAL NAIL BOOST (NNB)

STRENGTHEN, PROTECT, GROW - experience naturally beautiful and strong nails with the Natural Nail Boost (NNB) System.

In many cases women (and men) suffer from brittle, soft and chipping nail plates. And/or the natural nail can be extremely stressed and weakened. In addition grooves and uneven nail surfaces don't offer themselves as a perfect polishing surface.

The Natural Nail Boost (NNB) System functions as a protective shield and prepares the nail surface optimally for the application of nail polish.

Starter set Natural Nail Boost Gel + Light Unit

Natural Nail Boost Light Unit
Natural Nail Boost Gel "Keratin", 10 ml
Natural Nail Boost Care Set (Contents: Natural Nail Boost Oil, 16 ml and Natural Nail Boost Cream, 15ml; 3-sided Polish file)

WOW HYBRID GEL POLISH

The polish with WOW-Effect – for a perfect gel-look completely without the use of a light unit!

This system with WOW-Factor evens out ridges in natural nails and offers, thanks to its "Plumping-Texture" an even and ultra shine surface. For ultra long durability – up to 10 days. 100% vegan!

GET THE WOW BUZZ! #WOWHYBRIDGEL

WOW Hybrid Gel Polish

Innovative 2-phase polish system. It combines the advantages of a soak-off and nail polish system. The photo initiators contained in the WOW Hybrid Gel Top Coat cross-link with the oligomers contained in the WOW Hybrid Gel Polish and therefore enable a longer durability as conventional nail polishes.

The original WOW Hybrid Polish Plumping-Texture provides an ultra shiny gel look that evens out ridges and unevenness in natural nails perfectly. Apply the colour polish in two thin layers on cleansed nails and seal with the WOW Hybrid Gel Top Coat. No UV or LED light unit necessary! Remove with acetone free nail polish remover. Please quote colour number (refer to colour chart)

SPA 24H Protection Serum

This 24h Protection Hand Serum provides intensive moisture to hands and promotes the skins regeneration process due to the Anti-Pollution beads it contains. The effect will last for 24 hours. A reduction of pigmentation spots is achieved by the sugar polymer and amino acids it contains.

Art.-No.	Contents
91438	30 ml

SPA Hydrating Silk Fluid

This fluid containing myrrh and silk extracts turns the skin silky soft and does not leave a sticky layer behind but rather a pleasantly soft feeling. It is suitable for all skin types. Skin irregularities like enlarged pores, redness or small wrinkles are optically concealed. This light texture covers the skin like an invisible, silky veil and conceals small flaws. This fine film protects the skin against environmental influences.

B|S-BRACES

Synthetic brace to lift the lateral nail edge out of the nail fold. This brace is especially suitable in the treatment of ingrown toe nails or corns situated in the nail fold.

In addition this brace is waterproof and can also be covered up with Nail Polish. As a result of glueing the B / S-brace onto the nail we achieve a kind of lever action. The restoring forces developing at the two ends of the B / S brace will lift the lateral nail edge out of the nail fold and correct the nail.

Application: Prepare nails as usual and degrease it. File the ends of the brace into shape if necessary and glue it onto the nail. Leave to dry for 10 seconds and then file the brace thinner.

Available in 3 different sizes (-16; -18; -20).

Art.-No.	Contents
91168-..	10 pcs.

UREA

Highly effective foot care series containing Urea to reduce callused skin, renew skin cells and to balance the skins natural protective function due to its moisture binding capacity.

Urea 15% Foot Bath

Enriched with the physiological, natural moisturizing factor urea, sea salt and regenerating allantoin this Urea 15% Foot Bath acts like a Wellness Cocktail for stressed feet. Essential oils derived from oranges, spruce needle and mountain pine leave a silky soft feeling.

This product is vegan.

Art.-No.	Contents
64174	600 g

Urea 40% Chapped Skin Cream

Ointment like balm with 40% Urea reduces callused skin with the help of fruit acids particularly fast and effective. Added as additional support are soothing panthenol, nourishing bees wax and anti-inflammatory sage.

Art.-No.	Contents
64163	50 ml

Urea 10% Foot Cream

Urea 10% Foot Cream containing 10% Urea, saccharid isomerase and provitamin B5 is especially suitable for extremely dry feet. Glycerin and allantoin provide moisture and soothe the skin. Jojoba-oil regulates the balance of the skins moisture contents and smoothes the skin.

64120	100 ml
91213	1000 ml with dosage pump
65038	3 ml Sachet

Urea 10% Foot Mask

Rich Urea 10% Foot Mask. Active ingredients such as 10% moisturising urea, almond oil, vitamin A and E as well as shea butter ensure that the protective layer of the skin regenerates faster, the skin is vitalized, sustainably nurtured and optimally supplied with moisture. The calming components such as panthenol, allantoin and bisabolol provide the skin with a special relaxation effect when it is applied.

Art.-No.	Contents
64125	100 ml
91212	1000 ml with dosage pump

Urea 10% Express Foot Spray

Urea 10% Express Care Foot Spray is ideal for the quick care in between or to finish off a treatment. Due to the moisturizing ingredients such as 10% urea, saccharides isomerates, provitamin B5 and allantoin the skin immediately becomes soft and noticeably supple. The carbohydrate mixture saccaride isomerase is an imitation of the human carbohydrate fraction in the skin and increases the water-binding capacity – even of very dry skin. Jojoba oil possesses an extremely high skin compatibility. This product is vegan.

Art.-No.	Contents
64127	120 ml

Urea 25% Foot Balm

Fast absorbing foot balm especially developed for callused areas. Allantoin, glycerin and panthenol provide moisture. Contains a special 7 wild-herb-extract. The 25% Urea ensure velvety soft feet.

units

LIGHT CURING UNITS

The high quality LCN light curing units are suitable for the polymerisation of light curing resins

Combine Cure & Shine LED & UV Light Unit

The combination of LED and UV-bulb technology enables an absolutely precise curing and offers ultra shiny results. As already indicated by the name this attractive unit combines the safety of the proven UV-bulb system with the speed of the LED technology. The small UV-Spots are the evolution of bulbs and form in combination with the LED spots an unbeatable synergy for professional results. The incorporated Soft Button function enables a pleasant workflow even with heat sensitive clients. With this function the curing power and heat development are being increased slowly from 60% to 100%.

Technical data:
Wattage: 36 W
Number of LEDs (400 nm): 8
Number of UV-Spots (365 nm): 10
Measurements: W: 205 mm, H: 84 mm, D: 176 mm

Art.-No.	Contents
90423-..	Unit

LED-Unit SkyPRO "silver grey"

This LED-Unit is equipped with an optimal heat management. It is optimally suited for continuous use in Salons and convinces with quality and highest comfort. 14 LED's make sure all LCN resins are cured in just 60 seconds. In addition this LED-Unit has two additional time intervals of 15 and 30 seconds – for even more flexibility. A automatic light barrier controls the LED activity when placing a hand into the unit and when pulling it out. A movable hand rest offers even more comfort and prevents a bumping of finger nails against the Unit's housing.

Technical Data:
» Voltage: 100–240 V, 50–60 HZ
» DC: 12 V 2 A
» Wavelength: 395-405 Nanometer
» Number of integrated LEDs: 14
» Measurements (W / D / H): 28,5 cm x 25 cm x 12,5 cm

Hygienic Paper Sheets

Hygienic paper sheets for LCN light units (except for the skyPRO unit). Remove a new sheet from the block for every customer and place into the light unit. 50 sheets.

Art.-No.	Contents
60568	50 sheets

FILING UNITS

These precision units are suitable for professional use in Nail Salons as well as for pedicures

Excellent File Unit

Ergonomic, space saving, optically appealing and extremely effective!
Advantages at a glance:

- Integrated dust extraction
- Efficient, quiet extraction motor
- Operating hours counter with reset button
- New graphic display (monochrome, 128x64 pixel)
- Extraction hose with integrated connection contacts for the hand piece (firmly connected to the filter chamber cover)
- Ergonomically shaped, lightweight hand piece
- Continuously adjustable speed/extraction by rotating knobs

Technical data:

Connection: 230V / 50 Hz (115V 50/60 Hz option)

Power input: max. 350 VA

Micro motor hand piece: max. 50 Watt / 24 Volt / 30.000 U/min

Vacuum motor: max. 300 Watt

Measurements unit: (W x H x D) 320 x 125 x 220 mm

Measurements suction hand piece: L = 118 mm, D= 17-27-31 mm

Weight: approx. 4000g (set)

16016	Filterbags for podiatry
16017	Filterbags for nails

Advanced Quick File

A high tech filing unit for professional nail sculpting, manicures and pedicures.

Advantages at a glance:

- Integrated dust suction (efficient, quite motor)
- Indicator to change filter
- Suction hose with integrated hand piece connection contacts (firmly attached to the filter housing)
- Ergonomically shaped, light weight hand piece 30.000 U / min, 95 g with micro switch for standby mode
- Membrane keypad with soft keys
- 3 Memory functions (rotation speed memory)
- Large display with indicator of all functions

Technical data:

Connection: 230V / 50 Hz (115V 50/60 Hz option)

Power input: max. 350 VA micro motor

Measurements unit: (W x H x D) 160 x 205 x 240 mm

Measurements suction hand piece: L = 118 mm, D = 17

Weight: approx. 3770 g

16017	Filterbag for nails

Premium ProTech File Unit

The Premium ProTech Unit is the latest development in the area of professional filing units for the professional pedicure and manicure.

- Integrated, quiet dust suction with a brushless motor
- Integrated LED-lights in the hand piece
- Filter control system
- Large display showing all functions
- Memory-Function (rotational speed & suction)
- Ergonomically formed, light hand piece (brushless), 30.000 U/min
- Suction hose with integrated connection contacts
- 2 years guarantee on dust suction (control unit)
- Overload protection for extraction hand piece

Technical data:

Connection: 100 - 230V / 50 - 60 Hz

Power input: max. 200 Watt

Measurements unit: (W x H x D) 320 x 125 x 220 mm

Measurements suction hand piece: L = 118 mm, D = 17-27-31 mm

Weight: approx. 3380 g

CLASSIC file unit

LCN CLASSIC file unit - in the blink of an eye, the perfect finish for your customers finger- and toe nails. By turning the left controller either to the left or to the right the desired rotation direction as well as the rotation speed is selected. Suction power can be adjusted with the right controller. A sufficient suction power can already be reached with a setting at "12 o'clock" due to a Eco-Setting which supplies adequate suction while at the same time keeping the noise at an acceptable level. The electrical connection is integrated into the connection for the suction hose for easier handling. The comfortable quick chuck mechanism allows a change of drill bits without twisting of the hand piece. Includes practical slots for your LCN drill bits on the top. Includes practical slots for your LCN drill bits on the top.

Technical Data:

Voltage: 230 V / 50 Hz

Power input: max. 350 W

Micro motor hand piece: max. 50 W / 24 V / - 30.000 r.p.m.

Dimensions unit: W: 160 mm x H: 185 mm x D: 240 mm

Dimensions hand piece: L: 118 mm x D: 17 / 27 / 31 mm

Weight: approx. 2.800 g

Basic File PRO

The Basic File PRO nail file unit combines the most modern microprocessor technology with an attractive design. The soft keys for expanded functions are arranged around the 2-digit display for handpiece rpms. The "PLUS" and "MINUS" keys can be used to adjust the desired rpm. Furthermore, this model is persuasive on account of its programming potential for rpm adjustments which can be accessed with the three memory keys. A practical holder for the new handpiece (weight only 105 g) is integrated in the unit. The sleek handle makes it possible to work comfortably without getting tired.

Technical data:
Power requirement: 230 Volt / 50 / 60 Hz
Current consumption: 30 VA
Rpm: max. 30.000 R / min
Measurements: W = 160 x H = 100 x D = 205 mm
Weight: approx. 1400 g (Set)

Measurements hand piece:
L: 125 mm, D:15-12-26 mm

Top Performance 65 W New Nail Drill

Design follows functionality: This unique filing unit from LCN offers an exceptional price performance ratio for professional results.

- Digital display
- 35.000 rotations / minute
- Operation by hand or with a foot pedal possible
- Two selectable modes: hand or foot
- Standby-function
- Pleasant weight of the hand piece
- Quiet and stable running hand piece
- Pullout handle for a practical transportation of the unit
- 110V~220V 60Hz
- Total weight unit: 2,6 kg
- Weight hand piece: 209 g

Compatible with all drill bits offered from LCN.

Rose File Unit

Mobile filing unit for flexible areas of application as well as easy transport, cordless.

Rotation: 30.000/min

Maximum energy consumption: 36W

Battery capacity: 4000mA

Measurements: 170 x 70 x 30 mm

Accessories: USB-charging cable as well as wireless charger, holder for hand piece on the unit and separate,

Anti- and clockwise rotation

Battery life: 6-8 hours

FILING BITS

Busch by LCN!

LCN offers high quality filing bits by the traditional brand Busch - leading manufacturer of filing bits.

Absolute precision, attention to detail and highest quality - these are the standards for the manufacturing of these High-Tech-Products. All rotary precision instruments can be sterilised.

Ceramic drill bit, pen X-interlocking

With a high removal rate, accurate work even on very small nails.

Diameter 2,3 mm

Art.-No.
91926

Ceramic drill bit, drop, X-interlocking

Ideally suitable for the areas around the edges.

Art.-No.
91947

Hybrid Twister

Removal of heavy cornification. Working on rhagades and local cornification as well as corns. Mixture of diamond and ceramic for a pleasant removal. Diameter 11,5 mm

Art.-No.
92251

Cuticle diamond drill, small

Area of application in Salons - artificial nails:

- working on artificial nails
- working on cuticles and in nail folds

Area of application - natural nails and callused skin on feet:

- removal of cuticles, nail folds and callused skin in nail folds
- callus removal, smoothing of natural nails

Art.-No.
91754

Cuticle diamond drill, medium

Area of application in Salons - artificial nails:

- working on artificial nails
- working on cuticles and in nail folds

Area of application - natural nails and callused skin on feet:

- removal of cuticles, nail folds and callused skin in nail folds
- callus removal, smoothing of natural nails

Art.-No.
91755

Diamond drill, fine

Diamond drill bit with a medium grit. Ideally suited for smoothing out calluses and nails.

Art.-No.
89722

Cuticle diamond drill, large

This drill bit from Busch is extremely suitable for smoothing the natural nail surface.

Art.-No.
14218

Corundom drill bit, pink

This corundom drill bit is suitable for fine work on skin and nails as well as for manicures and pedicures.

Art.-No.
90746

Cuticle Remover Bit

Especially developed metal bit from Busch for the gentle removal of cuticles.
Recommended rotational speed: 5.000 - 20.000 rpm

Art.-No.
14088

Fissure Diamond, rounded top

Fissure Diamond from Busch for the following range of application:
Cuticle edge of artificial nails and furrow, suitable for pedicures.
Advantage: Minor risk of injury.
Recommended rotational speed: 5.000 - 30.000 rpm

Art.-No.
14217

Diamond Top Grip, medium grit

This drill bit from Busch for the shortening of nails is only covered with a medium diamond grit on the front side. This minimizes the danger of potential injuries.
Recommended rotational speed: 5.000-10.000 rpm.

Art.-No.
14497

Diamond Bit fine, cylinder shape, short

This drill bit from Busch is suitable for the General use in foot care.
Recommended use for finger nails: light-cured resin surfaces.
Recommended rotational speed: 5.000 – 27.000 rpm

Art.-No.
14214

Drop, medium-coarse

This bit from Busch is used to shape the sides of the nails and to even out the transition area between resin and natural nail.

Recommended rotational speed: 5.000 – 18.000 rpm

Art.-No.
14193

Ceramic drill bit K429X 040

Ceramic drill bit K429X 040 from Busch with a X-interlocking.

Area of application:

Nail design: the filing of gel and acrylic as well as the finishing touch of the sculpted nail

Foot care: for a precise contouring of deformed or mycotic and thickened nails

Rotation speed recommendation: 7.500-20.000 min

Art.-No.
89477

Ceramic-drill bit K425 Speed 060

High-Tech drill bit from Busch made of white high Performance ceramic. This ceramic drill bit convinces with an exceptional breakability and hardness.

Areas of application:

Naildesign: for gel and acrylic, universal and especially high in abrasion to remove and shorten gel and acrylic

Pedicure: for thickened nails, for universal use

Recommended rotational speed: 5.000-15.000 rpm

Art.-No.
89474

Ceramic drill bit K431Speed

Ceramic drill bit K431 Speed 060 from Busch with a Speed-special toothing.

Area of application:

Nail design: for gel and acrylic, universal and especially abrasive for the removal and shortening of gel and acrylic

Foot care: for thickened nails, universally applicable

Rotation speed recommendation: 5.000-15.000 min

Art.-No.
89476

High Speed Bit

Carbide filing bit from Busch to evenly remove light cured resins.

Recommended rotational speed: 5.000 - 15.000 rpm

Art.-No.
14448

Cone, short

Cone shaped bit from Busch to remove light cured resins from large surfaces, low-vibration.
Recommended rotational Speed: 5.000 - 15.000 rpm

Art.-No.
14270

Power bit, Cone coarse

Hard metal bit from Busch with a coarse cross-cut toothing to remove resin layers, inlaid nail art or acrylic.
Recommended rotational speed: 5.000 – 15.000 rpm

Art.-No.
16012

Cone, large/coarse

This carbide filing bit from Busch evenly removes light cured resin from the sides and edges of the nail.
Recommended rotational speed: 5.000 - 17.000 rpm

Art.-No.
14192

Pin, coarse

This hard metal drill bit from Busch quickly and evenly removes the light cured resin layer by layer.
Recommended rotational speed: 5.000 - 15.000 U/min.

Art.-No.
14191

Pen, medium-fine

The undersides of the nails are filed with this pen from Busch. This bit is especially suitable when working with paper forms.
Recommended rotational speed: 5.000 – 24.000 rpm

Art.-No.
14196

Dia Twister

A consistent further development of drill caps from Busch. Stainless and suitable for permanent use for filing down calluses during pedicures.
Recommended rotational speed: 5.000 - 20.000 rpm

Art.-No.
14105

Hybrid Cap carrier, medium

Carrier for Hybrid-filing caps

Art.-No.
90745

Hybrid Caps Medium

These innovative hybrid-filing caps made of diamond and ceramic for the effective removal of callused skin convince on several levels:

- Noticeably higher abrasion performance
- Smoother surface based on a finer hybrid grid
- Ideal for ultra sound, disinfection and sterilisation
- Extremely efficient due to a hundredfold usage
- Colour codes for faster identification of different grids
- Available in 3 different grids

Art.-No.	Contents
90742	green, coarse grit
90743	blue, medium grit
90744	red, fine grit

Callus Remover Bit

Inclusive 3 replacement caps. Suitable for foot care treatments. Replacement caps are available in a pack of 10 pcs.
Diameter: 13 mm

Reference for use: When changing caps please push them with some pressure onto the bit. At the same time close the metal ring.

Art.-No.	Contents
14680	Callus Remover Bit
14016	1 Set Replacement caps (10 pcs.)

Acrylic Stand for bits

Holds 10 bits. Not suited for sterilizer.

Art.-No.
14197

VACUUM UNITS

LCN Vacuum units make a hygienic workflow in Salons possible. They absorb file dust reliably and can easily be integrated on LCN manicure tables

Vacuum Unit

This LCN Vacuum Unit convinces not only with its technical performance but also with its puristic design. The extraction strength can be adjusted individually by means of a knob. File dust is being attracted and collected within a dust bag. This space saving unit fits under fixed hand rests of any classical nail station and can, due to its hygienic surface be used as a hand rest as well.

Technical Data:
Voltage: 230 VAC
Power: 20 W
